Job Fair

Looking to Hire Your Next Great Architect, Engineer, or Other Building Professional?

Meet Thousands of Prospects in Person

A Ready Pool of Candidates. As the Fall's leading event for the building industry, our comprehensive conference and exciting exhibit draws 3,000 attendees. They come seeking new knowledge & career opportunities. With the uncertain state of the economy, the number exploring employment options will be higher than ever.

A Variety of Titles. Our event is unique in that it offers something for every member of the building team. From architect to engineer to facility manager, you can meet with candidates from a variety of disciplines - all in one place.

Qualified Candidates: Our attendees invest their time and money to expand their education. They realize the competitive advantage of keeping up with the latest trends, technology, and products. These are the self-motivated employees your company needs for success.

Reach Beyond the Event: We will post open job listings on our website prior to the event upon receipt. The sooner you sign up, the more exposure you will receive.

Plus FREE training sessions.

Presented by: Ralph Avallone, President, National Green Energy Council.

- America's Green Revolution
- Ideas to promote Green Job Training in your business sector and your community
- Educating an existing employee to evolve into a 21st Century "green" employee
- How can I get my chunk of "green"?
